WORK EXPERIENCE

Digital Media Specialist
BLAQ UK (UK Black Pride), Manchester (Remote) | March 2026 to Present

- Plan, create, schedule and publish social media content across Instagram, TikTok, LinkedIn and Facebook.
- Monitor audience engagement and content performance using platform analytics to identify what resonates and inform content strategy.
- Research audience interests, cultural trends and community conversations to shape creative and campaign planning.
- Promote events and community initiatives to grow an engaged audience.

Data Analytics Trainee
Generation UK and Ireland, Remote | June 2026 to September 2026

- Completed an intensive data analytics programme covering data preparation, analysis, visualisation and reporting.
- Cleaned and queried datasets using Excel, SQL and Python to produce clear, actionable insights.
- Built Power BI dashboards and visual reports highlighting key trends for stakeholders.
- Presented analysis to non-technical audiences and delivered outputs to deadline.

Researcher, Content Team
411, London | October 2025 to February 2026

- Researched topics, people, trends and cultural conversations to inform editorial and creative content.
- Analysed and organised information to identify insights and content opportunities.
- Presented research findings and ideas to the Content Team to support decision-making.

Campaign and Content Contributor
Google Pixel FC, The Powerhouse Project, United Kingdom | January 2025 to June 2025

- Conducted campaign research and audience analysis for multi-platform campaigns delivered with Arsenal FC, BBC Sport, ITV Sport and The FA.
- Translated audience insight into content ideas and recommendations for football audiences.
- Interviewed Arsenal Women players, including Chloe Kelly, for campaign content.

Content and Community Lead
League Leaders (football charity), London | February 2025 to April 2025

- Grew social media following by 2,000+ in under three months through structured publishing, community engagement and performance-led optimisation.
- Managed a team of content creators and reviewed platform analytics weekly to improve performance.
- Used audience insight and performance data to inform content and community growth strategy.

Marketing Communications Intern
Bloomsbury Football Foundation, London | May 2024 to August 2024

- Supported marketing and communications for grassroots football programmes in underserved communities.
- Helped deliver campaigns and engagement initiatives for young people and families.
- Mentored a young player who went on to pass a trial with QPR and now plays for QPR Under 18s.

Production Intern
COPA90 / Bullion Productions, London | May 2023 to August 2023

- Researched football content that reached over 1 million views across TikTok and Instagram, later featured by BBC Sport, England Football and INDIVISA.
- Supported end-to-end production on branded projects with Nike, Adidas, EA Sports and UEFA.
- Coordinated research, scheduling and post-production across multiple stakeholders.

EDUCATION

BA Media (Film Production Pathway), 2:1
University College London (UCL) | September 2021 to June 2024

Relevant modules: Digital Cultures and Society; Digital Economy and Professional Practice; Media Entrepreneurship; Media Globalisation; Introduction to Media Theory and Analysis.

CERTIFICATIONS

- Data Analytics Programme, Generation UK and Ireland, September 2026
- Introduction to Football Coaching (FA Level 1), The Football Association, October 2026
- Safeguarding Children in Football, The Football Association, July 2026
- Introduction to First Aid in Football, The Football Association, July 2026

INTERESTS

- **Sport:** Lifelong Arsenal supporter; passionate about the growth of women's football and what drives fan engagement across sport.
- **Coaching:** FA Level 1 grassroots coach who loves helping young players build confidence on and off the pitch.
- **Music and culture:** Big music fan; enjoys art, theatre and fashion, and exploring galleries, shows and exhibitions.
- **Film and photography:** Keen filmmaker and photographer with a real love for horror films.
- **Food and sustainability:** Vegan for two years and enjoys experimenting with plant-based cooking; interested in climate action and sustainable living.
